# Syl CONNECT

€ 399.-

981.7160

## The Next Generation Metrology Software

SylConnect is the next generation Metrology software. It includes the following key features:

- **Designed for Touch Screen Device**
- **Simplified Data Export into Spreadsheets**
- **Automatic instrument management and monitoring**
- **Various measurement modes:**  
Direct reading, blind or timer based mode
- **Multiple measurement captures:**  
actual, min/max, average etc.
- **Sequential measurements with visual and audio sequence indication**

Order number	License quantity	Price €
981.7160	1	399.-

Purchase 3 licenses and get 1 for free  
Purchase 5 licenses and get 2 for free

- **SylConnect does support Inspection concepts by allowing users to associate a measurement profile to the inspection data**
- **Configurable user interface**
- **Multi operator operation,**  
the software is designed to identify independent measurement control device (footpedal) and notifications to support deployment of a single SylConnect system managing a number of connected operators, each performing independent measurements.
- **Multiple language support and customization.**
- **Windows XP and Windows 7 compatible.**
